ARTEMISTONE®

MACCHIA VECCHIA

ARTEMISTONE®

PORTORO GOLD

ARTEMISTONE®

CRISTALLO GOLD

The background of the entire image is a light grey-blue marble texture with thin, irregular veins of gold and cream color. The veins are more prominent in the upper half and become sparser towards the bottom.

ARTEMISTONE®

CRISTALLO LUMIX

ARTEMISTONE®

ICEBERG BLUE

ARTEMISTONE®

ALMENDROS

ARTEMISTONE®

ALEGHIERI

The background of the entire image is a close-up of a marble surface. It features a light cream or off-white base color, overlaid with a network of thin, irregular veins in a warm, golden-brown or beige hue. The veins vary in thickness and direction, creating a classic, organic marble pattern.

ARTEMISTONE®

ALEGHIERI GOLD

The background of the entire image is a high-resolution, close-up photograph of a marble surface. It features a complex pattern of veins in shades of gold, beige, and light brown, set against a pale cream or off-white base. The veins are irregular and flowing, creating a sense of organic movement and depth. The lighting is soft and even, highlighting the natural texture and subtle variations in color of the stone.

ARTEMISTONE®

BIANCO GILD

ARTEMISTONE®

DOVER WHITE

ARTEMISTONE®

DOVER WHITE EXTRA

The background of the entire image is a close-up, high-resolution photograph of a marble surface. It features a complex pattern of light beige, cream, and off-white tones, with thin, irregular veins of a slightly darker, golden-brown or taupe color running diagonally across the frame. The texture appears smooth but with natural stone variations.

ARTEMISTONE®

FENDI WHITE

ARTEMISTONE®

VECTOR NU

ARTEMISTONE®

VEGLE

The background of the entire image is a light gray or off-white surface with a complex, organic marbled pattern. Darker gray veins, some appearing as thin, sharp lines and others as more diffuse, cloud-like patches, run diagonally across the frame from the top-left towards the bottom-right. The overall effect is one of natural, stone-like texture.

ARTEMISTONE®

CORTES

The background of the entire image is a close-up, high-resolution photograph of a marble surface. It features a complex pattern of veins in various shades of grey, taupe, and off-white, set against a lighter, creamy beige base. The veins are irregular and organic, creating a sense of depth and natural beauty. The lighting is even, highlighting the subtle textures and variations in the stone's color.

ARTEMISTONE®

HERMES

The background of the entire image is a light gray marble pattern with thin, dark gray veins. The veins are irregular and flow diagonally across the frame.

ARTEMISTONÉ®

LIVIGNO

ARTEMISTONE®

MANSART

The background of the entire image is a light gray surface with a complex, organic marbled pattern. The pattern consists of numerous thin, dark gray veins and streaks that flow horizontally across the frame, creating a sense of movement and depth. The overall effect is reminiscent of natural stone or a high-quality paper texture.

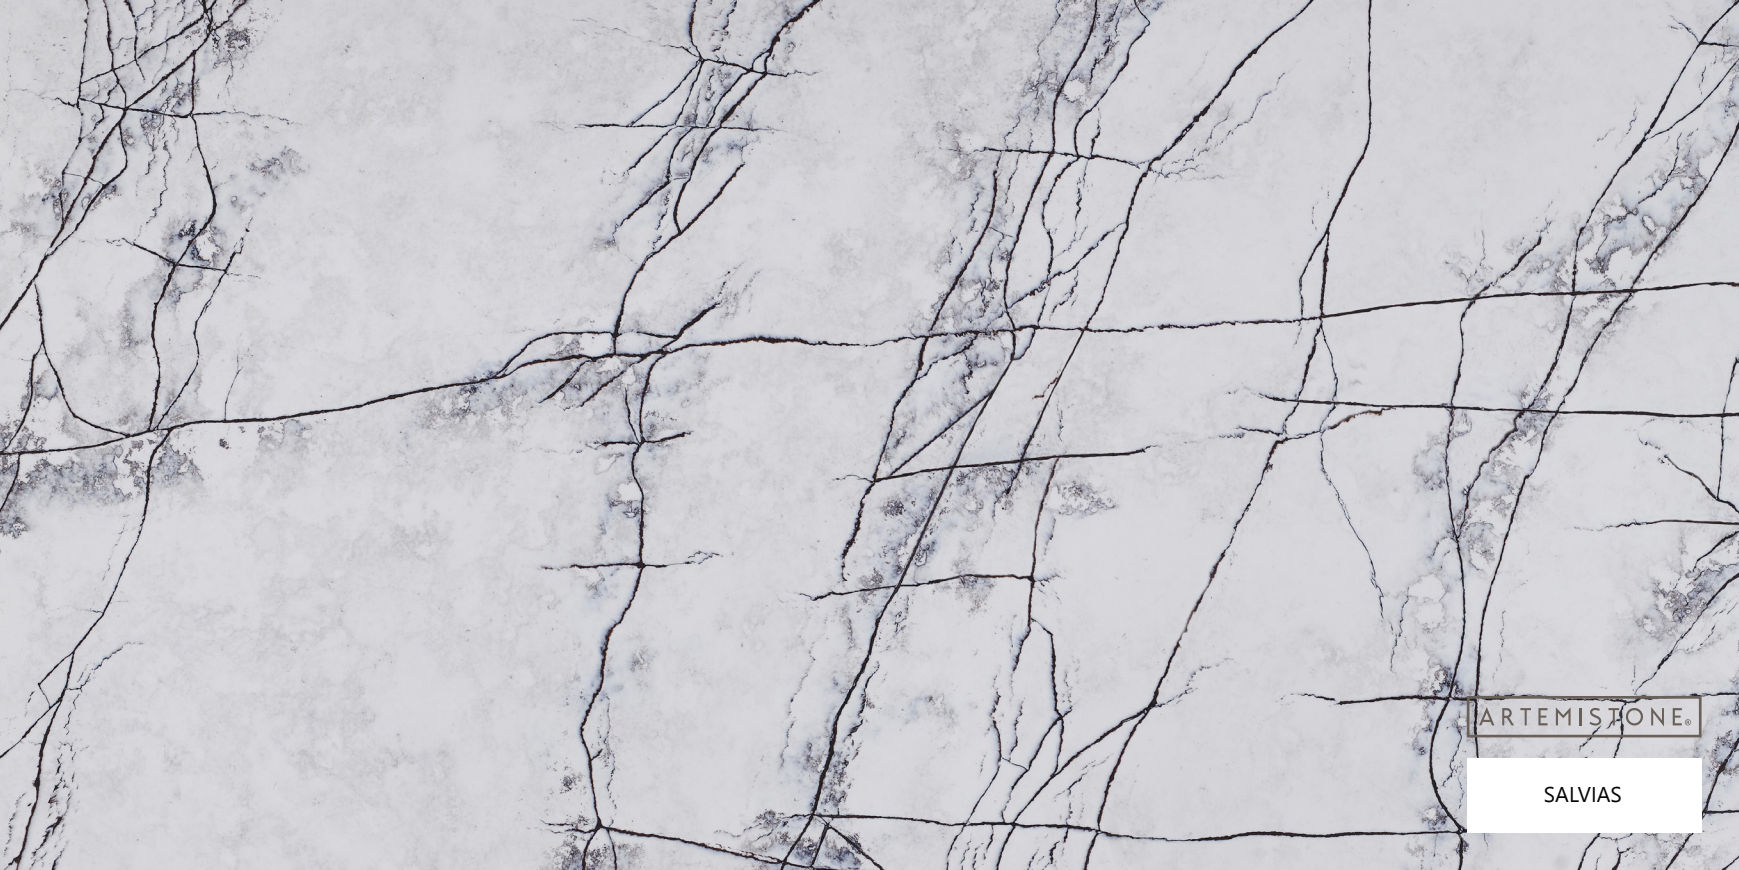

ARTEMISTONE®

MACAUBAS

The background of the entire image is a detailed marble texture. It features a light beige or cream-colored base with intricate, dark grey and black veins. These veins are irregular and flow across the surface in various directions, creating a classic, natural stone appearance. The texture is fine and detailed, typical of high-quality marble.

ARTEMISTONE®

ZEKE

The background of the entire image is a close-up of a marble surface. It features a light cream or off-white base color, overlaid with a network of dark, thin, and irregular veins. These veins vary in thickness and orientation, creating a complex, organic pattern. Some veins are straight, while others are curved or branching. The overall effect is one of natural elegance and texture.

ARTEMISTONE®

ORNAMENTAL GREY

The background is a dark, charcoal-colored marble with intricate, flowing veins of a lighter, metallic gold or bronze color. The veins vary in thickness and direction, creating a complex, organic pattern. The overall texture is smooth but with natural stone variations.

ARTEMISTONE

ROSSETTI

The background of the entire image is a detailed, high-resolution texture of a light grey marble. It features a complex network of veins in various shades of grey, from very light to dark charcoal, creating a natural, organic pattern. The veins are irregular and intersecting, typical of natural stone or high-quality marble replication.

ARTEMISTONE®

PALATIAL

ARTEMISTONE®

TUNDRA

The background of the entire image is a detailed, high-resolution texture of a grey and white marbled surface, resembling natural stone or a high-quality laminate. The veins are irregular and flow across the frame in various directions, creating a complex, organic pattern.
